

**Angela Paine, CEMC, COC, CPB, CPC, CPC-I, PCO, CPMA, CPPM, CRC, CRHC
Managing Consultant**

Angie brings over 15 years of healthcare experience and an extensive background in revenue cycle, compliance, medical coding, team leadership and training. She has expertise in the areas of physician, hospice, ambulance, infusion, dialysis, and facility billing. Angie is responsible for performing quality coding and billing compliance reviews and delivering provider education which supports clients in their improvement efforts. She also provides new and ongoing education to physicians, coders and billing staff.

Prior to Pinnacle, Angie managed revenue cycle and medical coding teams. In this role, she provided oversight of revenue cycle teams that included intake, billing, collections and payment posting. She trained new coders leading to the development of a medical coding team. Utilizing her training background, she created a revenue cycle training program that was used both for new employees and cross training of current staff. Angie was also a key stakeholder in the selection and implementation of multiple practice management software systems.

In addition to her medical coding and billing experience, Angie has an extensive professional training and development background; she is a certified trainer and coach. Angie has worked with organizations to develop and facilitate several different types of programs specific to their unique needs including new manager training, leadership development programs, emerging leader programs, communication training, individual development planning and department specific technical skills training.
