

## Real Estate Services and Expertise

Pinnacle is a dynamic healthcare consulting company with expert resources that assist clients with operational, planning, and transactional support. We deliver high-value healthcare advisory and consulting services designed to manage risk, improve performance, and achieve strategic objectives. Pinnacle thrives on solving problems with lasting solutions for our clients nationwide.

### Our Services

#### COMMERCIAL REAL ESTATE & LEASE VALUATION APPRAISALS

Pinnacle provides valuation services to confirm FMV for varying types of real estate transactions and can deliver a variety of customized reports to every client for any project.

#### SHARED & BLOCK LEASE REVIEW & VALUATION

Pinnacle's professionals research, analyze, and calculate the intricacies of Timeshare/Block Lease arrangements to confirm FMV that is defined and presented to each client in a customized report.

#### TRANSACTION, LEASE REVIEW & NEGOTIATION

Pinnacle's professionals can guide each client through the process of a real estate transaction from inception to completion, focusing on cost effectiveness and time efficiency in every step of the process.

#### FEASIBILITY STUDIES

Pinnacle's experts can perform an in-depth review to understand market and population demographics driving the need for healthcare services. The outcome of a feasibility study will provide the necessary information to make decisions. Pinnacle's experts can further work with leadership to move any real estate project forward from the idea stage to a completed commercial property.

#### POLICY & PROCEDURE COMPLIANCE REVIEW

Real Estate is a major component of the Stark Law as it relates to compliance with rental rates, block lease, acquisitions, and any other arrangement where real estate is a component. Pinnacle's experts can help provider organizations by:

- Reviewing the current policies
- Establishing policies to ensure compliance
- Managing the real estate process

### Real Estate Experience

Hospitals • Dialysis Centers • Office • Industrial • Land • Retail  
Ambulatory Surgery Centers • Medical Office Building
