

We Help Rural Communities Turn RHTP Vision into Strategy & Strategy into Execution!

Rural hospitals operate on the frontlines of community health, often with fewer resources and higher demands. Pinnacle understands the unique pressures rural providers face, and we've built a comprehensive suite of services to help you succeed, stay compliant, and transition toward value-based care.

Our solutions are tailored to meet the operational, regulatory, and clinical needs of rural hospitals, including:

- **FMV Guide for Rural Providers:** Confidently structure provider compensation with a guide that blends national data, proprietary insights, and deep rural experience.
- **Coding & Compliance:** Ensure coding accuracy, reduce denials, and stay audit-ready with expert-driven reviews and advisory support.
- **Coding Education & Co-Sourcing:** Train your internal team or supplement staff with credentialed coders who specialize in rural facility needs.
- **Compliance Advisory Program:** Gain year-round access to practical, right-sized compliance guidance aligned with current regulations and rural realities.
- **Value-Based Care Readiness & Strategy:** Transition your network from volume to value with hands-on guidance in care model transformation, quality metrics, and network alignment strategies, all tailored to the rural environment.
- **Rural Tele Nephrology Services:** Improve access and outcomes for patients with chronic kidney disease via board-certified specialists with no full-time hires required.

Guiding rural communities through the Rural Health Transformation Program (RHTP) with their interest in mind.

- Market Analysis & Physician Needs Assessment
- Service Line Expansion Strategy
- Strategic Compensation Plan Design & Fair Market Value to Support Workforce Development
